An Encouraging Word

Dr. Nick Stinnett of the University of Nebraska wrote a paper on the characteristics of a healthy marriage. According to his study and research, he identified six priorities for a marriage to remain strong. They are:

1. Have good family communication
2. Express appreciation to each other
3. Be able to solve problems in a crisis
4. Have family commitment
5. Have spiritual commitment
6. Spend time together

His study became a best selling book and has helped thousands of people in their marriage. But as I read the list above, I am reminded that we don't need a new book to learn about marriage. We already have the best-selling book of all time in the Bible. I encourage you today to read Genesis, chapter two and see God's description of a healthy marriage.

Be encouraged,
Pastor Rob

Description of a Biblical Marriage

Genesis 2:18-25

This morning I want to share with you five words that serve as a beautiful description of marriage. In fact, these five words describe the very first marriage in the Bible. See if you can identify these five descriptive words as we look closer into the marriage of Adam and Eve.

1. _____ (Genesis 2:18-20)
2. _____ (Genesis 2:21-22)
3. _____ (Genesis 2:23)
4. _____ (Genesis 2:24)
